

VW3A5103

VW3A5103 motor choke - 90 A - for variable speed drive

BRAND	ORDER CODE / PRODUCT REFERENCE
Schneider Electric	VW3A5103
PRODUCT FAMILY	CATEGORY
Not specified	VFD
SUPPLY BASIS	RECORD IDENTITY
RFQ / on request - no stock claim	Catalog identity matched

PRODUCT DESCRIPTION

This motor choke is an option for variable speed drives of Altivar 61 / Altivar 71 range. Its rated current is equal to 90A. It is used as an output filter (between drive output and motor) and enables your variable speed drive to run with motor cables longer than the maximum permitted lengths. Its protection index is IP00. It weighs 10kg. It is used to limit overvoltages at the motor terminals, filter interference and reduce motor earth leakage current. Schneider Electric VW3A5103 is the exact manufacturer reference for VW3A5103 motor choke - 90 A - for variable speed drive in the VFD family. Recorded technical characteristics include Rated current: 90 A; Thermal losses: 350 W. For an RFQ, use the complete part number VW3A5103 so the required rating, configuration and compatible accessories remain exact. Review the linked manufacturer data sheet against the supply system, load, enclosure, environmental conditions and applicable standards before final engineering selection. This listing is intended for project, maintenance and replacement enquiries across Egypt, GCC and the wider MENA region; it does not claim local stock.

RECORDED SPECIFICATIONS

Manufacturer	Schneider Electric
Rated current	90 A
Thermal losses	350 W
Manufacturer reference	VW3A5103
Manufacturer part number	VW3A5103

ADDITIONAL SPECIFICATIONS**MANUFACTURER DOCUMENTATION**

No manufacturer document is linked because exact-SKU or compatible-family evidence has not been recorded.

Document status: This is an InduMarket product specification summary, not a manufacturer-issued datasheet. It is generated from the catalog record for the exact part number. Any linked manufacturer document passed the SKU-compatibility evidence gate. Confirm ratings, compatibility, certifications and any successor reference before ordering.
