PRODUCT DESCRIPTION

These accessories are phase separator for TeSys Giga 115-500 contactor. It is used to 3 Poles electrical circuit. These phase barriers are accessories used to reinforce insulation at the power connection points. It provides IP20 protection conforming to IEC 60529. It can cover -25°C to 60°C operation ambient air temperature, No derating up to 3000m altitude. Green Premium compliant (RoHs/Reach). Schneider Electric LA9G3801 is the exact active commercial reference for Phase separator,TeSys Giga contactor,for LC1G115-800,3 pole in the TeSys Giga range for high-current motor and load control. This phase barrier supports industrial motor starters, process equipment, pumps, compressors, HVAC installations and heavy-duty electrical panels. Official Schneider characteristics include Product or component type: Phase barrier; Accessory / separate part category: Installation accessories; Poles description: 3P; Quantity per set: Set of 2; Product compatibility: LC1G115...225 LC1G265...500 LC1G630...800; Height: 2 mm; Width: 115.5 mm; Depth: 122 mm. The reference appears in Schneider Electric TeSys catalog MKTED210011EN version 17.1 and its exact regional product page confirms current commercial availability. For an RFQ, use the complete part number LA9G3801 so the rated current, pole configuration, utilization category, coil-control range and product version remain exact. Review the linked official Schneider product data sheet against the motor rating, prospective fault current, coordin

RECORDED SPECIFICATIONS

MANUFACTURER DOCUMENTATION

No manufacturer document is linked because exact-SKU or compatible-family evidence has not been recorded.

Document status: This is an InduMarket product specification summary, not a manufacturer-issued datasheet. It is generated from the catalog record for the exact part number. Any linked manufacturer document passed the SKU-compatibility evidence gate. Confirm ratings, compatibility, certifications and any successor reference before ordering.
