PRODUCT DESCRIPTION

This is a Vigi add-on module for EasyPact CVS 100/160 that provides an earth-leakage protection. It is used for 3 poles circuit breakers. The operational rated voltage is between 200 and 440 VAC 50/60 Hz. The earth-leakage sensitivity is adjustable from 30 mA to 10 A. It is installed directly on the device terminals and directly actuates the trip unit in case of earth-leakage default. This Vigi add-on module is self-powered internally by the distribution-system voltage, even is supplied by only 2 phases. It is compliant with IEC 60947-2 standard, annex B. Schneider Electric LV529488 is the exact active commercial reference for Earth-leakage add-on protection module, EasyPact CVS 100/160, 200VAC to 440VAC, 30mA to 10A, 3 poles in the EasyPact CVS portfolio. The catalog identifies it as 3-pole Vigi add-on earth-leakage protection module, 200 to 440 V within EasyPact CVS100/160 Vigi. Official Schneider characteristics include Range of product: EasyPact CVS100...250; Range: EasyPact; Product or component type: Vigi add-on; Device application: Wiring; Range compatibility: EasyPact EasyPact CVS100 circuit breaker EasyPact EasyPact CVS160 circuit breaker; Poles description: 3P; [In] rated current: 100 A 160 A; Earth-leakage protection class: Class A Class AC. The exact reference is documented in LVPED318033EN on catalog page or spread E-8. This product family supports LV distribution panels, commercial buildings, infrastructure, industrial facilities, motor protection, maintenance a

MANUFACTURER DOCUMENTATION

No manufacturer document is linked because exact-SKU or compatible-family evidence has not been recorded.

Document status: This is an InduMarket product specification summary, not a manufacturer-issued datasheet. It is generated from the catalog record for the exact part number. Any linked manufacturer document passed the SKU-compatibility evidence gate. Confirm ratings, compatibility, certifications and any successor reference before ordering.
