PRODUCT DESCRIPTION

SITOP PSU3800 24 V/30-40 A stabilized power supply input: 400-500 V 3 AC output: 24 V DC/30-40 A suitable for battery charging
Siemens 6EP3437-8UB00-0AY0 is the exact orderable reference for SITOP PSU3800 24 V/30-40 A stabilized power supply input: 400-500 V 3 AC output: 24 V DC/30-40 A suitable for battery charging and has been verified as an active product on Siemens Industry Mall. It belongs to 3-phase, 24 V DC. Recorded manufacturer technical characteristics include Summary: Input: 400-500 V 3 AC, Output: 24 V DC/30-40 A suitable for battery charging; Siemens family path: SITOP power supplies > Special designs and applications > Battery charging > 3-phase, 24 V DC. For an RFQ, use the complete part number so the required electrical rating, hardware revision and compatible accessories remain exact. The linked Siemens data sheet should be checked against the application, supply system, environmental conditions and applicable standards before final engineering selection.

RECORDED SPECIFICATIONS

Summary	Input: 400-500 V 3 AC, Output: 24 V DC/30-40 A suitable for battery charging
Coil voltage	24 V DC
Product type	Power Supply
Rated voltage	24 V
Siemens family path	
Adjustable current range	30-40 A
Manufacturer part number	6EP3437-8UB00-0AY0

ADDITIONAL SPECIFICATIONS**MANUFACTURER DOCUMENTATION**

No manufacturer document is linked because exact-SKU or compatible-family evidence has not been recorded.

Document status: This is an InduMarket product specification summary, not a manufacturer-issued datasheet. It is generated from the catalog record for the exact part number. Any linked manufacturer document passed the SKU-compatibility evidence gate. Confirm ratings, compatibility, certifications and any successor reference before ordering.
